Expenditure Watch Training Webinar #5

Expenditure Watch Settings and Support

Monday 12th March 2012

Expenditure Watch Settings and Support Overview

- What settings are available in Expenditure Watch?
- What are the most critical settings I need to know about and how do I set them up?
- Do I need to use the other available settings?
- What support tools are available?
- Question and Answer Session

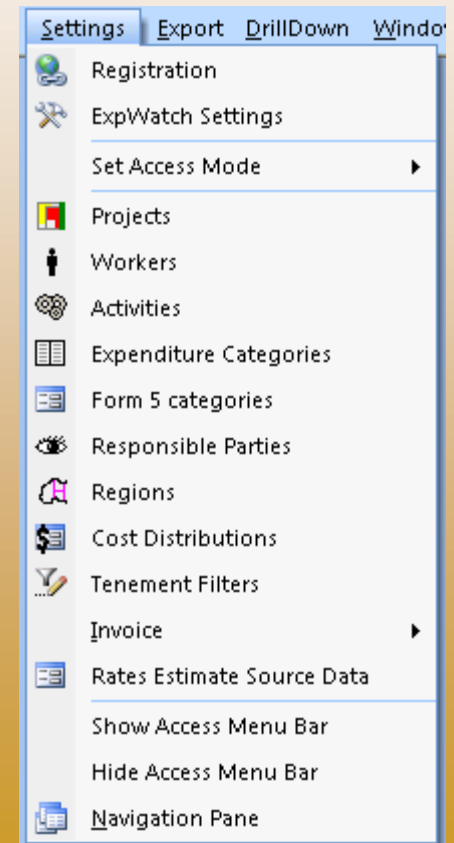

What settings are available in Expenditure Watch?

The Settings drop-down menu has a range of features which allow users to customise various aspects of Expenditure Watch.

This webinar will address the essential features that all users need to be aware of when using Expenditure Watch.

The features which are optional and applicable only to specific clients will only be briefly discussed for completeness. If you would like further explanations of any of these features, please let us know in the survey.

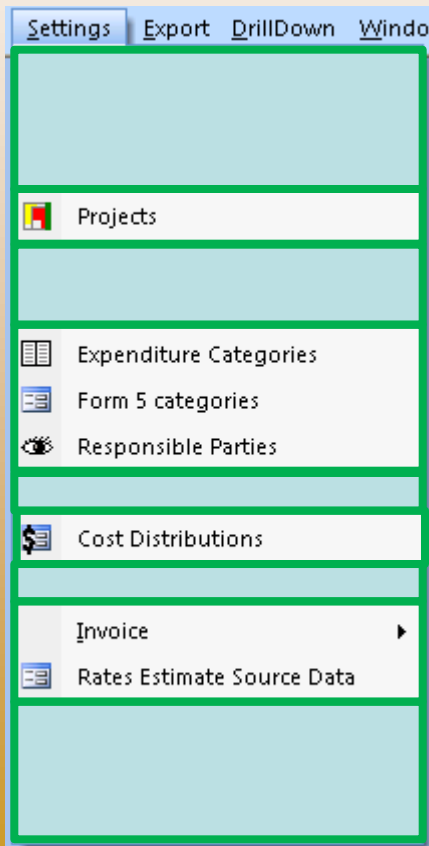

What are the most critical settings I need to know about and how do I set them up?

- Registration – Licence Registration Details
- ExpWatch Settings – General Expenditure Watch Settings
- Set Access Mode – Set Current User Access Mode
- Workers – Setting User Related Parameters
- Activities – Opens Activities Table (COA/Form5)
- Regions – Sets region/state specific parameters
- Tenement Filters – Facilitates creation of Tenement Filters
- Navigation Pane – Allows navigation to backend queries, tables and forms

Do I need to use the other available settings?

- Projects – Define or modify the projects to which tenements belong
- Expenditure Categories – define new expenditure categories
- Form 5 categories – Details of Form 5 categories
- Responsible Parties – Define responsible parties of tenements
- Cost Distributions – Automatically distribute transactions assigned to project codes
- Invoice – Manually enter transactions via invoices
- Rates Estimate Source Data – Manually update rates data

Software tools that take the nightmare out of tenement compliance and land acquisition - Quadruple your productivity or your money back.
