Testimonials for LandTrack Systems Training

"I have now attended two courses, "Practical Tenement Management" and "Advanced Tenement Management", both have been invaluable. Like many others, I've found myself managing tenements almost by default, training myself…"- **Sue, Top Iron**

"Before attending the Practical Tenement Management course, I had very little exposure to the world of tenement management. I now feel at the end of the 2 days that I have a greater understanding of the tenement regulations, and what my compliance obligations are and how to manage them all efficiently and accurately. The team at LandTrack are extremely enthusiastic to share their wealth of knowledge and have created a course that is practical as well as fun and interesting." - **Stephanie, Red 5**
